Did you know that you can get a college degree in Sustainability ?

Sustainable New Jersey

Sustainable New Jersey is a new program for schools that tries to get everyone thinking about sustainability.

Sustainability is the taking on of different behaviors when dealing with every day things such as how much food we eat, our use of energy, and how we interact with the natural world. In ecology, sustainability is the capacity to endure.

Sustainable New Jersey focuses on recycling, composting, reducing energy use, transportation, climate changes, and our communities. Eagle Academy received the 2015 Bronze level award on October 27, 2015.

We received this award because we earned points for the school gardens and for using the vegetables we harvested to feed Eagle Academy students. Mr. Smith, Eagle Academy's director, stated

"It's the little things that we do that help us" What's next for Eagle Academy and sustainable New Jersey? Our school would like to continue our participation and hopefully win the Silver 2016 award. In order to do this we need to improve in certain areas such as reducing waste, recycling, composting and reaching out to the community.

Eagle Academy

Welcomes Mrs. Bowker!

Mrs. Bowker has been busy getting to know the students, bringing a variety of speakers to Eagle Academy and taking students on trips. Here is a sampling of those experiences.

Minding Your Mind

Tamia Govan, from Minding Your Mind spoke to the female students of Eagle Academy. Minding Your Mind provides presentations addressing the stigma of mental health issues. Each speaker shares their life experience and offers students hope and inspiration.

Eagle goes to ACCC

A group of Eagle Academy juniors and seniors traveled to Atlantic Cape Community College. Carol Fraone, of the Admissions Office provided the students with a packet of information about the school, and Chef Erin gave the students an extensive tour of the campus, with special emphasis on the culinary program.

Stay Gold

Stockton students Brittany and Kristina, from Stockton's chapter of Helping Educate and Advocate Against Trafficking (HEAAT) spoke to Eagle Academy students who are participating in the Project Stay Gold mini grant program. The two young ladies gave the Eagle Academy students a presentation on the topic of human trafficking. Dorothy Bowker, SAC, LPC

Robbie Wilson
student writer

If you change nothing,
nothing will change.

UTI visit

David St. Leger, from Universal Technical Institute, provided a presentation to a group of Eagle Academy students interested in automotive trades. UTI offers training in automotive, collision, diesel, marine, motorcycle, and NASCAR.

Doing the right thing isn't always easy - in fact, sometimes it's real hard - but just remember that doing the right thing is always right. -- David Cottrell

Friday

Life skills/Workplace Readiness Classes

- Leadership
- Driver's Ed Prep
- Financial Literacy
- Economics
- Workplace Readiness
- Workplace Safety
- Extra help Math and English
- Mindful Art
- Out of the Box building
- STEAM
- Yearbook/Newsletter

The Annual Thanksgiving Feast prepared by the culinary program

If you were in the halls at Eagle Academy the Thursday before Thanksgiving you would have smelled a turkey in the oven and fresh pies being made by the culinary students.

Every year we celebrate all that we are thankful for together at our annual Thanksgiving feast. Its a time for all of us to eat together and remember the holiday.

Mrs. Montecalvo added her artistic touch with a turkey made out of paper filled with popcorn and Mrs. Dee was on hand to help serve.

All of the staff and students send a special thank you to Mrs. McGinnis and the culinary students for all of their efforts to make the day so special.

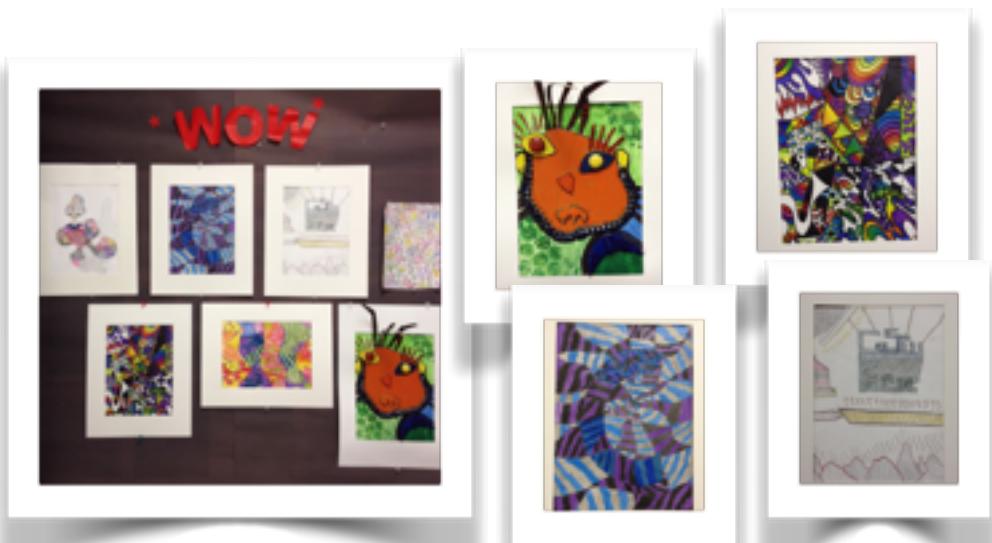

Be thankful for what you have; you'll end up having more. If you concentrate on what you don't have, you will never, ever have enough.
Oprah Winfrey

Congressman LoBiondo made a visit to Eagle Academy.

Art with Mrs. Montecalvo

Spanish with Mrs. Joline-

In Spanish class, students learned about Día de los Muertos, or Day of the Dead. To help celebrate memories of lost loved ones, they created decorative skulls, a symbol of this important Latin American holiday that occurs on November 2nd.

History with Mr. G. Smith

Mr G. Smith, Eagle Academy's Social studies teacher, is all about bringing history to life.

On this trip, Mr. Smith brought his students to tour the 177 Fighter wing which is part of the Air National Guard right here at the Atlantic City Airport.

The students had the chance to look inside the jets, to see the equipment the pilots wear and tour the fire department where a demonstration was given.

The students selected for the trip were the top ten students who expressed an interest in the military.
